# HOW IT WORKS FOR YOU

Sabre Hotels is the most widely used GDS hotel booking system globally, has a network of over 175,000 hotel properties, across more than 315 chains worldwide.

An indispensable tool for any travel agency looking to sell more rooms, it delivers real-time availability and promotional rates, together with the assurance of instant confirmation.

With Hotels, agents can access negotiated corporate rates, best available rates & unique promotional rates from a wide range of hotels. The platform also gives travel agents all the tools they need to book the best deals for their clients – with hotel information, photographs, interactive maps, real-time availability, comprehensive room rates and instant room confirmation – all on one system.

It's an indispensable service for travel agents who want to achieve high sales, faster turnover and great customer service.

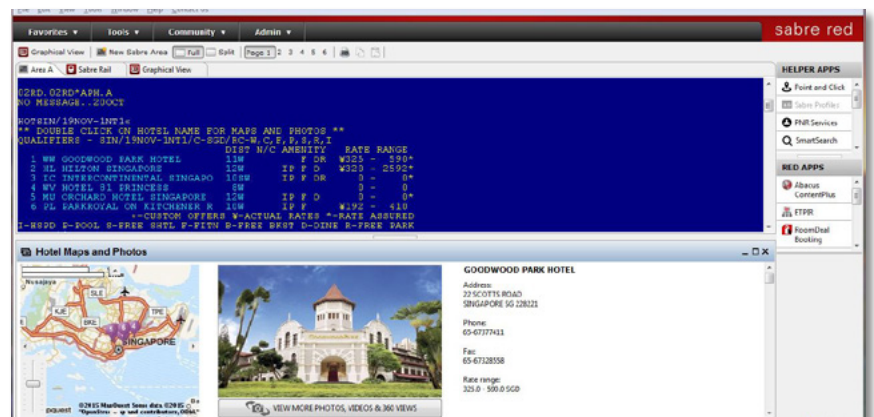

## HOW WILL YOU STAND OUT

OFFER THE BEST SERVICE with real-time availability, rates, terms and conditions and latest promotions from participating hotels.

RESPOND TO CUSTOMERS PROMPTLY with a powerful search and sort functionality. It lets agents find hotels based on distance from a customer's destination, price and hotel name.

RECEIVE PROMPT AGENT COMMISSION for reservations made.

MANAGE COMPLEXITY with bookings automatically integrated into the PNR and user-friendly masks.
